

## Year 4 Geography Project

### Coast to Coast.

#### Discover when land meets sea!

- Create a 'Top 10 facts of European Coasts.' Show how the coasts of Europe are not the same everywhere! Locate your top 10 coasts on a map of Europe.
- Share a special coastal place where you would like to visit. Where is it located? What can be seen/ found? Explain why your chosen place is special/ unique/ important.

#### Rivers and Coast Challenge!

- Which seas/ocean do the following rivers flow into? The River Thames, The River Tyne, The River Severn and The River Dee.

#### Using Google Earth/Streetview /OS maps.

- Investigate why people visit Seaham? Are there any clues about what happens here? (harbour etc)

#### Explore Old Harry Rocks at Swanage – stack, arch, stump.

- How do you think these amazing land forms might have been formed?

#### What is the future for Happisburgh?

- Why is the land disappearing into the sea and what has been done about it?
